

MATHS

Next half term our Maths learning focus will be diving into:

- Experiencing 2D shapes in a symmetrical form
- Building with a range of shape resources
- Using numbers and recognising tens and ones
- Identifying numbers up to 30
- Identifying the heaviest object out of 2

Older children will:

- Find the perimeter and area of 2D shapes
- Continue to learn timetables
- Be able to add and subtract 3-digit numbers in columns confidently
- Identify greater and less than in numbers above 100 up to 1000.
- Compare weights of different objects and be able to order lightest to heaviest

TOPIC

Children will develop their skills through our topic 'Animal Families'. Following on from our 'No place like Home' topic, we will be delving into different habitats looking at the specific animal groups that live in each one. We will also explore classification systems and different animal families.

ENGLISH

Next half term our English focus will be:

- Demonstrating interest in a selection of reading material through exploration and sensory experiences
- Enjoying stories during tailored story time sessions
- Improving speaking and listening skills through social interaction small group interventions and one to one speech and language support
- Matching picture to picture, pictures to words and words to words
- Developing sight vocabulary reading of common functional, CVC words and short sentences
- Sequencing stories and writing simple sentences

PE

PE will remain on a Friday and children can continue to come into school in PE kit.

SNACK TIME

The children will be given a snack and drink every day. This is always a piece of fruit or a vegetable and will be offered with water or milk.

Please can you make sure that we have the correct information regarding any allergies.
