

ENGLISH

In Reading lessons, children will be reading our class text, **Secrets of a Sun King** by Emma Carroll. They will be answering different styles of questions as we progress through the book. Children will also be reading their AR book in school and at home. Please can you listen to your child read and update their reading record.

In Writing, children will be focusing on the class text to inspire their writing. They will be writing narratives related to the text, as well as newspaper reports about occurrences that happen in the story. Children will be identifying specific features of these genres and will be using them in their own writing.

PSHE

In PHSE lessons, children will be learning about different relationships and how to be respectful to themselves and others.

We will explore how people are different because of faith, race, or gender and will be learning about the importance of respecting these differences in the wider community.

ART

In Art lessons, children will be using plants to inspire their own artwork. Children will look at plant artwork that has been produced by artists and will identify the different artistic features.

Children will be using objects from the world around them to draw and paint different parts of trees and plants before creating their final piece.

MATHS

In Arithmetic lessons, children will be using all 4 operations to calculate with halves and quarters. They will also be continuing their work on grid multiplication by building up to multiply a 2-digit number by a 2-digit number.

In Geometry lessons, children will learn about grid coordinates. They will be identifying and labelling specific shapes on a grid. Children will then move on to creating their own grids with their own coordinates.

In Data and Measure lessons, children will be learning about different units of measure related to length, weight, and capacity. They will also be learning about how to convert between measures.

RE

In RE lessons, children will be focusing on gospels and will be using them to assess what kind of world Jesus would want. They will learn that a gospel is a part of a story about the life and teachings of Jesus. They will be reading specific gospels and what Jesus' actions might mean for Christians. Throughout the topic they will be looking at how members of the clergy follow Jesus' teachings by showing love to all. Finally, they will be identifying links between the Bible stories they have studied and the world around us today.

Teacher

St Martin's CE
Primary School

Mrs Haydon
Teaching Assistant

SPANISH

In Spanish children will be learning Spanish vocabulary relating to themselves. They will also be focusing on language relating to themselves such as the games they like to play, the hobbies they have and pets they have at home. As well as this, the children will be learning the numbers 1-10.

MUSIC

In Music this year, the children have an exciting opportunity to learn how to play the ukulele. They will be having weekly lessons from a specialist as well as the opportunity to take home a ukulele to practice, for a performance in school.

SCIENCE

In Science this half term, the children will be learning all about living things. They will be studying what a plant needs to survive and will be setting up investigations based around this. They will also be learning the importance of photosynthesis in the life cycle of a plant and will be exploring what a plant needs to grow successfully.

INFORMATION

Our PE days are **Tuesday and Friday**, and the children should attend in full St Martins PE kit on that day. **Please remember to remove all jewellery before entering school on PE day.**

Welcome Meeting

Our Welcome to Year 4 meeting will be held at **3:30 on Wednesday 10th September**. We are looking forward to seeing you there.

HISTORY

In History, children will be studying the **Ancient Egyptians**. They will study the main achievements of early civilisation and will learn about all the important things the Ancient Egyptians did. They will also be learning about how they lived and will explore their beliefs
